Supporting Consumers in a MLTSS World

AGENDA

1. Rules Regarding Beneficiary Support System
2. What Consumers Want
3. Long-Term Care Ombudsman Programs and Beneficiary Support Systems
4. OH Long-Term Care Ombudsman Program: Supporting Consumers in the Duals Demo
5. VA Long-Term Care Ombudsman Program: Supporting Consumers in MLTSS
6. Q&A and Discussion
Rules Regarding Beneficiary Support System

(b) *Elements of the support system.*

(1) A State beneficiary support system must include at a minimum:

(i) Choice counseling for all beneficiaries.

(ii) Assistance for enrollees in understanding managed care.

(iii) Assistance as specified for enrollees who use, or express a desire to receive, LTSS in paragraph (d) of this section.

(2) The beneficiary support system must perform outreach to beneficiaries and/or authorized representatives and be accessible in multiple ways including phone, Internet, in-person, and via auxiliary aids and services when requested.

42 CFR 438.71 - Beneficiary support system
Rules Regarding Beneficiary Support System

(d) **Functions specific to LTSS activities.** At a minimum, the beneficiary support system must provide the following support to enrollees who use, or express a desire to receive, LTSS:

1. An access point for complaints and concerns about MCO, PIHP, PAHP, PCCM, and PCCM entity enrollment, access to covered services, and other related matters.
2. Education on enrollees’ grievance and appeal rights within the MCO, PIHP, or PAHP; the State fair hearing process; enrollee rights and responsibilities; and additional resources outside of the MCP, PIHP, or PAHP.
3. Assistance, upon request, in navigating the grievance and appeal process within the MCO, PIHP or PAHP, as well as appealing adverse benefit determinations by the MCO, PIHP, or PAHP to a State fair hearing. The system may not provide representation to the enrollee at a State fair hearing but may refer enrollees to sources of legal representation.
4. Review and oversight of LTSS program data to provide guidance to the State Medicaid Agency on identification, remediation and resolution of systemic issues.
How to Build a Strong, Effective System that

• Contains the elements of the Beneficiary Support System
• Advocates for quality services, rights and quality of life of MLTSS consumers
What Consumers Want

Their Concerns

“There is no one responsible or efficient to contact. No way to reach an ombudsman and have significant change with a situation. Whenever a complaint is made to the agency the issues are not resolved.”

“There wasn’t anyone in the system who would push hard enough to help me get what I needed – the people I was told to go to just let things continue on without being resolved.”
What Consumers Want

What Kind of Help Should Be Available?

“We need a mediator to help with problems.”

“The problem is that the health care system is really fragmented. You need a real advocate on your side who’s putting all the pieces together.”
Mr. M
What consumers need is someone who is tenacious and persistent. Someone who will be by their side, on their side, and keep pushing and advocating until they get the results the consumer needs and wants.
Long-Term Care Ombudsmen (LTCO)

Tenacious
Persistent
What Do LTCO Do?

- Identify, investigate, and resolve complaints made by or on behalf of residents (individual advocacy)
- Ensure residents have regular and timely access to the LTCOP
- Provide information to residents (and others) about long-term care services, options
- Educate residents (and others) about residents' rights, provider responsibilities, problem-solving (and more)
- Advocate for improvements to residents’ care and quality of life (systems advocacy)
LTCOP has evolved as LTC has evolved

Nursing Home

Board & Care/Assisted Living

Transitioning Back to Community (“when feasible”)
LTCOP and LTSS at Home and in the Community

• No coverage permitted under the Older Americans Act (except for those transitioning from nursing home to community)

• Can obtain state authority and must use non-OAA dollars

• Examples of states providing home care ombudsman services: IL, MI, OH, WI, VA
Alignment of BSS & LTCOP

</table>
| -Serves as access point for complaints or concerns  
-Assists in navigating grievance and appeal processes | -Investigates and works to resolve grievances and complaints on behalf of the resident with consent  
-Assists in filing appeals related to a range of issues at resident direction |
| Reviews and oversees LTSS program data to assist the State in identifying and remediating systems issues | Conducts systems advocacy:  
- analyzes program data to identify trends and problems impacting residents of long-term care facilities  
- advocates for improvement in laws, regulations, policies that affect the quality of care, rights and quality of life of long-term care facility residents |

MyCareOhio
Connecting Medicare + Medicaid
MyCare Ohio Overview

- Includes health, LTSS and BH services
- Seven geographic regions covering 29 counties
- 113,000 beneficiaries
  - MMP and Medicaid only
- Aetna, Buckeye (Centene), CareSource, Molina and UnitedHealthcare
- Beneficiaries must be dually eligible and 18+
Structure of the Office

• State Office
• 12 regional ombudsman programs
  – Variety of structures (AAAs, stand alone, etc.)
  – 7 involved in the demonstration
• SLTCO designation and certification of representatives of the Office
• Roughly 84 paid staff and 200 volunteers
Our Authority

§ Older Americans Act
§ Ohio State law enhancement
§ 3 way contract

Contract

Issued: April 13, 2016
The Ombudsman Role in MyCare Ohio

Ombudsmen have responded to over 1,200 consumer, provider and other inquiries and participated in member advisory committee meetings across the state.

Ombudsmen worked to resolve about 2,000 MyCare Ohio complaints with an 86% resolution rate.

Ombudsmen provided data on trending issues and recommendations to stakeholders in many formal and informal settings including state and federal partners and managed care plans.

Ombudsmen have participated in over 300 community education events to talk about MyCare Ohio.

Respond to Inquiries for Information

Investigate and Resolve Complaints

Consumer and Stakeholder Outreach

Systems Analysis and Recommendations
Our Approach to Communication with MCOs

• Early and often!
• Standardized communication protocol during complaint investigation
  – At the opening of a case
  – Working at the lowest level to build rapport and address issues
  – Escalation when necessary
• Established meetings (quarterly) with plans
• Helping to bridge the gaps
  – Consumers with care managers
  – Providers with plans
Home and Community-Based Services

- Home modifications
- Durable medical equipment
- Care management
Nursing Home Issues

- Transitions between settings
- Outreach in Nursing Homes
- NF discharge to homeless shelters
Nursing Home Closures:
All Hands on Deck

Ohio’s Interagency Transition Team
Lessons Learned

- Communication is key, as is having a centralized point of contact
- Leveraging existing relationships to initiate and sustain connection
- Inclusion of ombudsman contact information in marketing materials
- “MyCare isn’t phone care”; face to face visitation is important.
Supporting Consumers in a MLTSS World

Virginia Office of the State Long-Term Care Ombudsman

National Home and Community Based Services Conference
August 2018
So -- When you come to a fork in the road
NEED?

– HC Reforms/ Changing landscapes
– Untested systems
– Bulging State Medicaid Budgets
– $$ Bottom line drivers $$

Consumers at risk in a system under extreme pressure
Crisis/Opportunity
Yin Yang: Crisis/ Opportunity

+ 
  -

- More **Holistic** Care-
  Prevention, wellness
- **Care Coordination**
- **Simplify:** ONE CARD –
  Integrated payment
- Support/advice
- Plan **EXTRAS**

- **Access/ Choice**
- **Assignment** problems
- **Confusion/frustration**
- ‘**Glitches’**
  – Authorizations/payment
  – Continuity of care
  – Care Coordination problems
And then another Question:
To be or not to be......

Are we the ones to do this?

- Already ‘in’:
  - Transitions & Home care cases
- Non-static population & overlap
- Person-centered care –should mean:
  Person-centered...ADVOCACY!
REALITY OF OUR TIMES

Health care reform is here to stay - - coming fast and coming strong....

Get on or get off the tracks...
Timing & Opportunity
The FUTURE is (shaped) NOW

- **ACCESS** at ground floor
- Forming new **PARTNERSHIPS**
- **SYNERGY** for systems change
- **LOCUS** of decision-making
- **HIGH STAKES** for our recipients we serve
Opportunity knocking ...

• **2013** Medicare/ Medicaid Financial Alignment / Integrated Care

• CMS signed an agreement with Virginia’s Department of Medical Assistance Services (DMAS) to test a new model for providing Medicare-Medicaid enrollees with a more coordinated, person-centered care plan. This new initiative was branded Commonwealth Coordinated Care (CCC).

• DMAS’s proposal to CMS for CCC included an ombudsman component.
CMS: “Support for Demonstration

Ombudsman Programs $\$$

• CMS provided grants - to ensure beneficiaries had access to person-centered assistance in resolving problems related to the Demonstration.

• Virginia - one of five original Demo Ombudsman Programs funded.
Building on a Solid Model

MISSION
MODEL
MANDATE
Expanded the Virginia Long-Term Care Ombudsman Program to build on the existing network of 21 programs and 32 local ombudsmen.

Developed a new component of regional “Coordinated Care Advocates” to provide problem-solving and advocacy services to CCC enrollees who live in the community.

Together, local ombudsmen and CCC Advocates assist enrollees to resolve problems with care or services they receive regardless of where they live.
Early Lessons & Challenges - CCC

COMMUNICATE - COMMUNICATE - COMMUNICATE

Best strategies to communicate with population – HUGE LEARNING CURVE

Unexpected challenges ensuring understanding on part of providers as well as beneficiaries
Take away: Think of “CCC” as ...

COMMUNICATE - Message to Beneficiaries

COMMUNICATE – Role of ADVOCATE

COMMUNICATE – Beneficiary Experience
CCC Transition to MLTSS

- Virginia was one of two states that chose NOT to extend the Duals Financial Alignment Demonstration with CMS.

- The Ombudsman Demonstration Grant was extended through October 2017. Advocates served Dual-enrollees through December when all CCC members transitioned to the new Medicaid Managed Care Program called Commonwealth Coordinated Care Plus (CCC+ or CCC Plus).

- The Advocate Program began serving CCC + members in June 2017 when DMAS began holding community town halls and CCC+ enrollment letters were mailed out to the first of six regional enrollment launches beginning August, 2017.
CCC → CCC Plus

5 of the 6 regions

Optional Enrollment

3 Health plans across 5 regions

Full Dual adults; including NF and EDCD HCBS Waiver

Coordination of Medicare benefits through same Medicare-Medicaid Plan

Continuity of Care period was 180 days

6 regions

Required Enrollment

6 Health plans in 6 regions

Duals/non-duals, children/adults, NF and 5 HCBS Waivers

Coordination of Medicare benefits through companion DSNP or MA Plan

Continuity of Care period is 90 days

www.vadars.org  facebook/vadars
Overview of Commonwealth Coordinated Care Plus (CCC+)  

• Primary goal is to improve health outcomes  
• New statewide Medicaid managed care program for over 215,000 individuals  
• Participation is required for qualifying populations  
• Integrated model that includes medical services, behavioral health services and long term services and supports (LTSS)  
• Care coordination and person centered care with interdisciplinary approach
Scope of Work

• Access Point for MLTSS complaints/concerns
• Perform Outreach to CCC+ Beneficiaries
• Educate beneficiaries regarding Grievances & Appeals process
• Provide Department for Medical Assistance Services (DMAS) with guidance regarding Systemic Issues
Examples of the Types of Issues that CCC Plus Advocate May Address

- Enrollment & Disenrollment
- Continuity of Care
- Coordination of Benefits
- Access to covered benefits, urgent needs, prescription drugs, behavioral health care and long-term services and supports
- Timeliness of Plan responses to Member questions and Needs
- Questions about bills, care coordination, and Plan benefits
- Information and Assistance with Grievances and Appeals
Challenges/Lessons Learned

- **Supported Decision-Making Role**
  - Members in LTC communities needed assistance with navigation and enrollment choices/decisions
  - Advocates met face-to-face or communicated directly with members for impartial assistance.

- **Navigation and Enrollee Protections**
  - Understanding of Continuity of Care and Coordination of Benefits

- **Nursing Home Closure**
  - CCC Care Coordinators and Advocates assisted 60 residents find alternative nursing home or community options/provide beneficiary assistance.
Challenges/Lessons Learned

• **Reaching enrollees in ALFs and NFs**
  ✓ Assistance with CCC Member Experience & Quality of Life Survey – face-to-face interviews at 24 nursing facilities/180 residents.

• **Specific Complaint Codes for Reporting and Monitoring Trends & Issues**
  ✓ Establish Reporting Guidelines and Procedures Early
  ✓ Develop specific data elements and report monthly Medicaid/MCOs

• **Member Feedback**
  ✓ Hold listening sessions, stakeholder regional meetings, hold monthly webinars with stakeholders and provide targeted community education and outreach.

• **Serving both Members and Providers**
  ✓ Found both needed assistance with beneficiary issues and systems issues
